

Attend Our Community Conference!

Autism

Connecting the Pieces Through the Lifespan

Friday, February 5th, 8:00am – 4:30 pm

Conference Goals

- Provide skills and information parents can use immediately to impact their family's' lives.
- Train educators, therapists, caregivers, and medical professionals on the latest empirically-based techniques for treating or reaching people with autism spectrum disorders.
- Involve the community in developing needed programs and services specific to Chattanooga and surrounding regions.
- Increase public awareness and understanding of autism spectrum disorders.

Bonus Opportunities for Attendees

- Up to 7 CEU Credits for professionals!
- Lunch, coffee, and snack included.
- Many valuable door prizes!
- Provide your input and ideas about what programs this region needs.
- Make connections with other parents and professionals.
- Fee waivers for to parents facing financial hardships.
